## What Is Body Contouring

Redefine your silhouette without the downtime. Our clinical-grade system combines Ultrasound Cavitation and Radio Frequency to physically destroy fat cells and shrink your measurements.

REDUCE: Permanently destroys stubborn fat in "trouble zones."

RESIZE: Flushes liquefied fat for immediate "inch-loss."

REFINE: Smooths cellulite and uneven skin texture.

RE-FIRM: Tightens loose or crepey skin for a toned finish.  
TARGET AREAS: Stomach · Love Handles · Hips · Buttocks · Legs
